

If it can't be dumped out, stored differently, or thrown out:

MosquitoDunks and MosquitoBits for ponds, drains, etc.

Drain Tube Foam Filters, Flapper Valves, and Screened Inserts for Drain Pipes and Curb Holes

Tight Mesh Screen or Highly Permeable Landscape Cloth for Yard Drain Inlets.

Traps designed for Invasive Aedes Mosquitoes such as these made by Biogents.

Plant Saucers: Remove or Use Fine Aquarium Gravel or Coarse Sand

Use Water Storing Gel for Flower Vases.
